

BENCE-JONES URINE PROTEIN ELECTROPHORESIS

Date: March 24, 2008

Subject: New CPT codes added to Bence-Jones Protein Electrophoresis

Dear Valued Clients,

The EMH Reference Laboratory has restructured our urine electrophoresis testing to include additional CPT codes. **Effective March 31**, the Bence Jones Protein test on random and 24-hour urines will be billed using the new test order and CPT coding structure. Please refer to the tables below for additional test details and coding information:

<i>Test Name</i>	<i>Specimen</i>	<i>Order</i>	<i>Components</i>	<i>CPT</i>
Bence-Jones Protein, Random Urine	25 ml. random urine; Keep refrigerated	RABJP	Urine Protein Electrophoresis	84166
			Immunofixation,Urine	86335

<i>Test Name</i>	<i>Specimen</i>	<i>Order</i>	<i>Components</i>	<i>CPT</i>
Bence-Jones Protein, 24-hour Urine	24-hour urine collection; Keep refrigerated	24BJP	Urine Protein Electrophoresis	84166
			Total Protein, Urine	84156
			Immunofixation,Urine	86335
